

# PPC OPC

## Fact sheet

PPC OPC is a premium 52,5N Portland cement that offers more value in every bag. It is ideal for a broad range of applications in the construction, building, ready-mix, precast and concrete product manufacturing industries.

### GENERAL GUIDELINES

OPC has been formulated to enable users to produce cost effective concrete and concrete products. Applications include concrete, grouts, precast products, shotcrete, masonry products and specialist applications. It can also be used in mortar, plaster and screed mixes.

### STORAGE INSTRUCTIONS

Bulk storage silos should be inspected on a regular basis to ensure that the inspection hatch seal is watertight and filters are clean and unblocked.

Cement bags are not weatherproof and should be stored under cover, off the ground to a maximum height of 12 bags.
